Professional Experience

Full Stack Developer • 10/2018 – Atual

QUAY • Itajaí, SC, Brasil

- Currently working as a .NET backend developer, implementing various types of intranet systems and portals. Currently outsourced to the largest power distribution company in Brazil, Equatorial.

Backend Developer • 04/2013 – 09/2018

GRUPOW • Itajaí, SC, Brasil

- I worked as a backend developer, building several applications for major brands such as Mondelez, Pepsico, Microsoft, and Beto Carrero. In most projects, I used PHP with Yii2 and ColdFusion with a proprietary framework.

Full Stack Developer • 01/2011 – 03/2013

Arroba Design • Itajaí, SC, Brasil

- I worked on the development of websites in general, where I had the opportunity to introduce the team to best practices, reusable components, and design patterns.

Full Stack Developer • 12/2008 – 12/2010

Freelancer • Itajaí, SC, Brasil

- As a freelancer, I worked on the development of websites in general, as well as a variety of web applications and e-commerce solutions.

Graduation

Bachelor's degree in Systems Analysis and Development • 04/2018 – 12/2020

UNIGRANET • Itajaí, SC, Brazil
